Why partner with Horizontal Digital?

As the Salesforce platform continues to evolve you need a consulting partner with cross-cloud expertise and an experience-forward approach. We operate with an unwavering focus on delivering meaningful digital experiences at every touchpoint, and we've successfully leveraged this approach to solve for complex challenges for some of the world's most recognizable financial service, healthcare and manufacturing brands since our inception in 2003.

Clients

More about us

Our values truly bring out our best. As a certified minority owned business, we are invested in equality and community to advance human possibility at every opportunity. We remain proudly independent — in ownership and in thought and since our inception in 2003, we have grown organically to open offices across the U.S., India, Dubai and Malaysia.
